

## Professional Studies 2009-10 (Part 1 of 3)

It is our great pleasure to provide you with the details for the first round of our **Professional Studies courses** for 2009-10, which take place in Central London on **Saturday 7<sup>th</sup> November & Sunday 8<sup>th</sup> November 2009**.

The courses include:

- Professional Studies for **Primary Teachers** (Foundation & Advanced)
- Professional Studies for **Secondary Teachers** (Foundation & Advanced)
- Professional Studies for **SENCOs**
- Professional Studies for **Head teachers**

The courses will help your teachers to reflect on a series of key topics that are core to professional practice, helping them to reflect upon their own principles and development as a teacher and consider how this impacts on their work in the classroom. The courses will also explore practical strategies that your teachers may use to help enhance learning and teaching in your school. Insha'Allah, we hope that the courses will build upon your own existing school based professional development programme.

Please find full details of all the courses attached.
